Average customer rating on software review websites, based on 9k+ reviews.

A proven solution for all business sizes

Size: 25

Flobotics

Robotic Process Automation agency Flobotics adopted Clockify to track project hours and provide detailed client reports. They found Clockify's built-in reporting module to be a key advantage, allowing them to instantly generate visual breakdowns of their work. This transparency has helped Flobotics gain a competitive edge and improve customer relations by clearly showcasing the time invested in projects.

Size: 86

Adesso Spain

Adesso Spain uses Clockify for improved work organization, more accurate invoicing, and efficient time management. According to Managing Director Marc Carreras, Clockify has been key to boosting the company's productivity and streamlining its processes. This has led to better overall performance for the software development company.

Size: 1,000+

Brainlabs

Digital marketing agency Brainlabs struggled with tracking employee hours and identifying which clients required the most attention. By implementing Clockify, they were able to easily track time and create customized reports to analyze data more effectively. The Brainlabs team now considers Clockify an essential tool for improving client service and maintaining high-performance levels.
